CREATIVE
DISPLAY
UNITS

SLIMPAN IS A NEW ALTERNATIVE FOR COMMERCIAL SPACE DESIGN. SLIMPAN IS A MODULAR SPATIAL COMMUNICATION SYSTEM CONSISTING OF PANELS THAT ARE MAGNETICALLY ADAPTED TO A STRONG, LIGHTWEIGHT ALUMINUM CONSTRUCTION AND FLEXIBLE CONNECTORS.

Lighting accessories hung on the horizontal cross-section of the panels without the need for screws set up a clean and clear relationship with the panels.

Panels can be used for graphic printing surfaces, product display units and accessories such as digital screens.

| Slimpan creates flexible surfaces and provides a fluid image forming continuity with its thin, long and elegant panels that can be used in any desired number horizontally and vertically. |

Panels can be produced and applied from various materials such as aluminum, steel, forex, acrylic and other surface materials. Panels can be applied on the frames easily with the help of magnetic strips.

Slimpan accessories such as shelves have the same pure and aesthetic language as Slimpan.

| Specially designed connectors allow flexible layouts and surfaces to be used as corporate identity surfaces, information points, space dividers and even welcome desks. The height of the structure can be use within a range of 90cm up to 360 cm. |

**SLIMPAN
EXHIBITIONS**

SLIMPAN IS AN EXCELLENT PRESENTATION TOOL FOR EXHIBITS, GALLERIES, ART FAIRS AND MUSEUMS. GRAPHICS AND PHOTOGRAPHIC IMAGES CAN BE DIRECTLY APPLIED ON THE SURFACE OF THE PANELS OR CAN BE CARRIED ON THE PANELS. FRAME SIZE CAN BE CHANGED FROM 30 CM WIDTH TO A MAXIMUM 150 CM TO ALLOW FOR PURE SURFACES. SLIMPAN WITH ITS WHEELED PANELS IS DESIGNED FOR TEMPORARY EXHIBITIONS AND FOR SEPERATING SPACES.

UNDER CONSTRUCTION

| From a simple free-standing display to large-scale exhibitions, Slimpan offers easily changeable panels with various materials and modular frame sizes. |

| Slimpan modular exhibition panels are extremely versatile and can be custom designed to suit your specific exhibition requirements. |
